Dear Ron

Association for Trotters Exiting Racing Inc. (AFTER), would like to you for supporting the 2013 Standardbred Hack Championship.

AFTER provides homes for horses from the harness racing industry who have either finished their racing career or who, although trained did not race. These horses then live another life with families becoming pleasure or competition horses.

The Championship was a huge success and showcased what these wonderful horses are capable of in their post-racing lives.

Small clubs, like AFTER, could not function without the support of sponsors and we are grateful that Prydes EasiFeed has been able to provide ongoing support for the work we do.

Yours sincerely

Caroline Jeffs
